

风冷风冷系列

Ventilated series

主要结构特点

采用进口 304 不锈钢板材，坚固耐用

Applying imported 304 stainless steel plates, durable and solid

选用优质压缩机，高效运转，性能优越

Selecting high quality compressor, high efficiency and fine performance

自动复位弹簧门特设磁吸封，存取物品方便自如

Automatic reset spring door is quipped with magnetic attraction door cabinet, convenient for storing goods

电子温度显示，箱内温度一目了然

Electronic temperature display, obvious

强制风冷循环，制冷速度快，温度均匀稳定

Compellent wind cooling circulation, fast refrigerating and stable temperature

设有全自动化霜装置，免除人工化霜，确保制冷效率

Equipped with fully automatic defrosting device to assure refrigerating efficiency

冷凝器设有防尘装置，方便清洁，冷凝效果好

The condensor is equipped with dust-proof device, convenient for cleaning, fine condensation effect

东莞市百利电器有限公司
BAILI ELECTRIC CO., LTD.

风冷厨用冷冻柜
