

风冷工作台系列

Ventilated Working Table Series

主要结构特点

加强型台面板结构，不易变形

Enhanced panel structure, no distortion

采用进口304不锈钢板材，箱体坚固耐用

Applying imported 304 stainless steel plates, durable and solid

选用优质压缩机，高效运转，性能优越

Selecting high quality compressor, high efficiency and fine performance

自动复位弹簧门特设磁吸封，存取物品方便自如

Automatic reset spring door is equipped with magnetic attraction door cabinet, convenient for storing goods

强制风冷循环，制冷速度快，温度均匀稳定

Compellent wind cooling circulation, fast refrigerating and stable temperature

设有全自动化霜装置，免除人工化霜，确保制冷效率

Equipped with fully automatic defrosting device to assure refrigerating efficiency

支承脚高度可自由调节

Adjustable holding feet
