

## GEM-3 SATELLITE – CLEANING INSTRUCTIONS

### Cleaning the GEMINI Satellite....

A daily routine of cleaning your Gemini Satellite will maintain its appearance and ensure great tasting coffee.

**CAUTION – Do not use cleansers, bleach liquids, powders or any other substance containing chlorine. These products promote corrosion and will pit the stainless steel. USE OF THESE PRODUCTS WILL VOID THE WARRANTY.**

#### LID & SAFETY VALVE

To clean the Satellite components, prepare a mild detergent solution.

1. Remove lid from satellite.
2. Turn the lid over and clean the valve area, preferably with a gauge glass brush. Do not remove check valve ball.
3. With bottle brush, scrub out brew hole until clean.
4. Rinse the lid, removing all traces of cleaning solution.
5. Dry and assemble.

#### FAUCET & SIGHT GLASS

1. Unscrew the handle/bonnet assembly and remove from faucet.
2. Remove seat cup from stem and inspect for wear or hardening. Replace if necessary.
3. Clean all parts, including faucet body, with mild detergent and warm water. Thoroughly rinse with clear warm water.
4. Dry and assemble. Hand-tighten the handle assembly.
5. Remove the gauge glass tube by unscrewing the gauge glass cap.
6. Flush the tube and washers with a gauge brush and washing solution. Rinse with clear water. Dry and assemble.

#### WASH SATELLITE

1. Clean inside Satellite with a cloth or ScotchBrite pad.
2. Remove coffee residue using a mild detergent solution with water.
3. Thoroughly rinse with clear hot water.

**NOTE -** Polish stainless steel surfaces with stainless steel polish after drying. This will prevent surface scratches and result in a cleaner appearance.
