

The first step to make a **perfect espresso:**

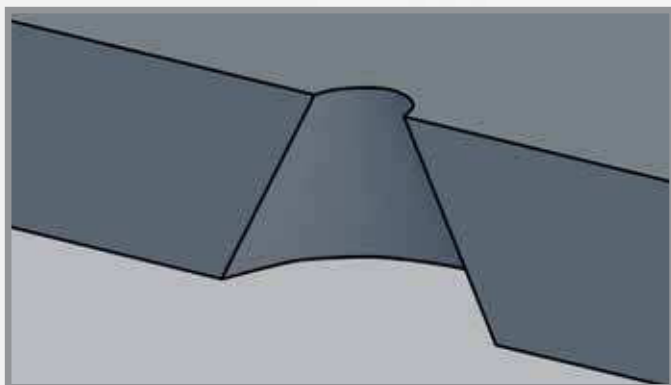

Precision showers and filters for professionals

for coffee machines by the best brands

...for those seeking the best in their performances!

Showers and filters designed to ensure the ideal extraction and to enhance the coffee aroma

Circular holes with conical cross section

- enhanced coffee out pouring due to the conical holes
- electro-polished resistant surface, assuring extended life-time

Mirror polishing

- the finish significantly reduces adherents of dirt and coffee residuals, even in the conical holes

**Showers with special and innovative membrane (integrated or wired)
in order to have an ideal distribution of the water on the coffee powder**

- precise and evenly out-pouring to enhance coffee's quality, obtaining a velvety and delicate cream

Precision showers and filters for professionals

Precision shower screen for coffee machine:

- Astoria - Carimali - Cimbali - Wega

Precision showers and filters for professionals

Precision filters for coffee machines:

• Astoria - Casadio - Conti - Elektra - Fracino - Magister - Marzocco - Nuova Simonelli - Pavoni - Promac - Rancilio - Victoria Arduino - and for E61 groups type

14008037

14008038

14008039

14008040

Precision filters for coffee machines:

• Carimali - Cimbali - Gaggia - Reneka

14008042

14008043

14008044

Precision filters for coffee machines:

• San Marco - Dalla Corte - Gruppo Izzo

14008045

14008046

Precision filters for coffee machines:

• Spaziale - Astoria Plus 4 you - Wega Concept

14008047

14008048

Precision filters for:

• E61 groups type

14008041

Precision filters for coffee machines:

• Spaziale - Astoria Plus4you - Wega Concept
